CIVIL RIGHTS FOR THE UNBORN

The African American Outreach of Priests for Life

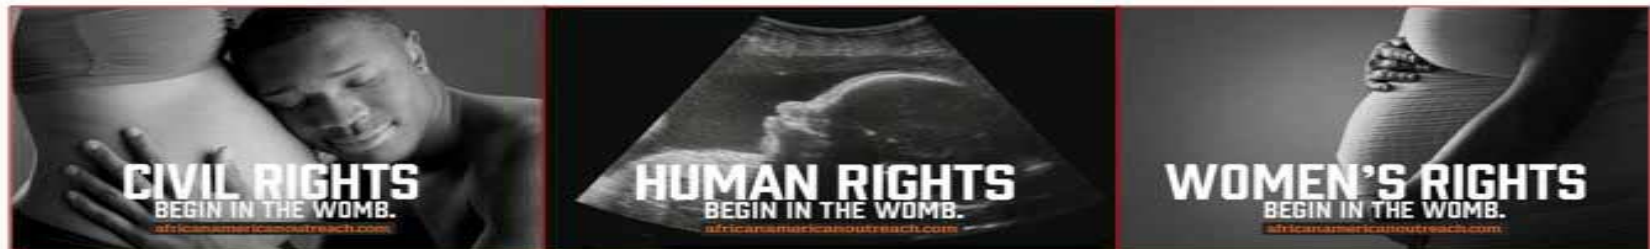

VISION AND MISSION OF THE PRIESTS FOR LIFE

AFRICAN AMERICAN OUTREACH PROJECT

The Priests for Life African American Outreach Project is the brainchild of the PFL National Director Father Frank Pavone. In April of 2005, Father Pavone brought Dr. Alveda King on board as Director of African American Outreach for Priests for Life. The Vision and Mission of PFL-AAO is as follows:

The vision of the Priests for Life African American Outreach Project is to reach Black Americans and the general population with the truth about the harmful impact of abortion and its by-products.

The mission of the Priests for Life African American Outreach Project is to inform, educate, activate and transform the social culture and environment regarding the sanctity of life as opposed to supporting a culture of death.

CRU
CONNECTING THE 20TH AND 21ST
CENTURY FOR LIFE

Prolife Freedom Rides – In April 2010, Priests for Life launched Prolife Freedom Rides. CRU was the major sponsor and organizer of the tours. The tour covered several southern cities along the route of the 1961 Civil Rights Freedom Rides. The PFL Freedom Rides included national and local Prolife leaders and foot soldiers. Joined by Dr. Alveda King-- the niece of the Rev. Martin Luther King, Jr.-- Father Frank Pavone has announced that Priests for Life will be conducting Pro-Life Freedom Rides this summer, evoking the Freedom Rides of 1961 that helped bring about the desegregation of the American South.

“We join our lives and hearts together with those who have gone before us,” said Dr. King. “We take to the bus, to the streets of America, riding for justice and freedom for all, from conception until natural death.”

ANNUAL JUNETEENTH FOR THE UNBORN & THE SELMA ANNIVERSARY OBSERVANCE

Juneteenth, also known as **Freedom Day** or **Emancipation Day**, is a holiday in the United States honoring African American heritage by commemorating the announcement of the abolition of slavery in the U.S. State of Texas in 1865. (June 19th)

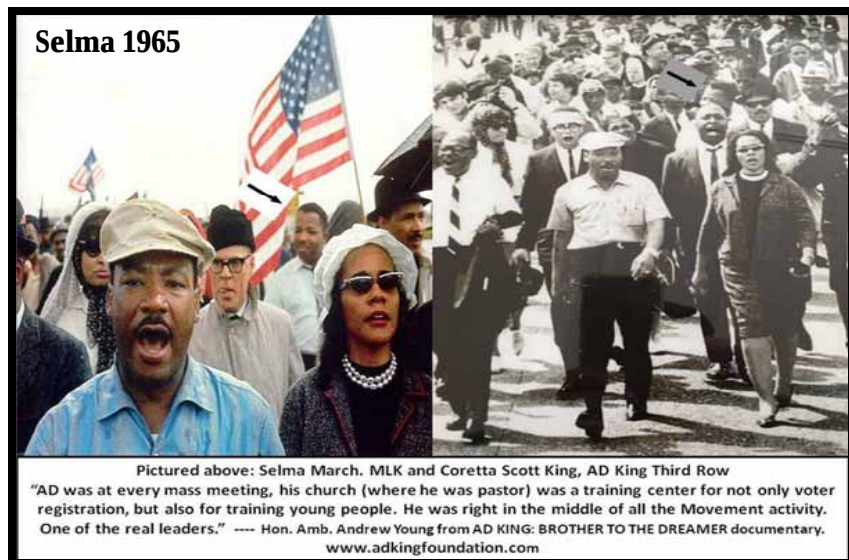

Civil Rights begins with Human Rights, from conception until natural death, for all people!

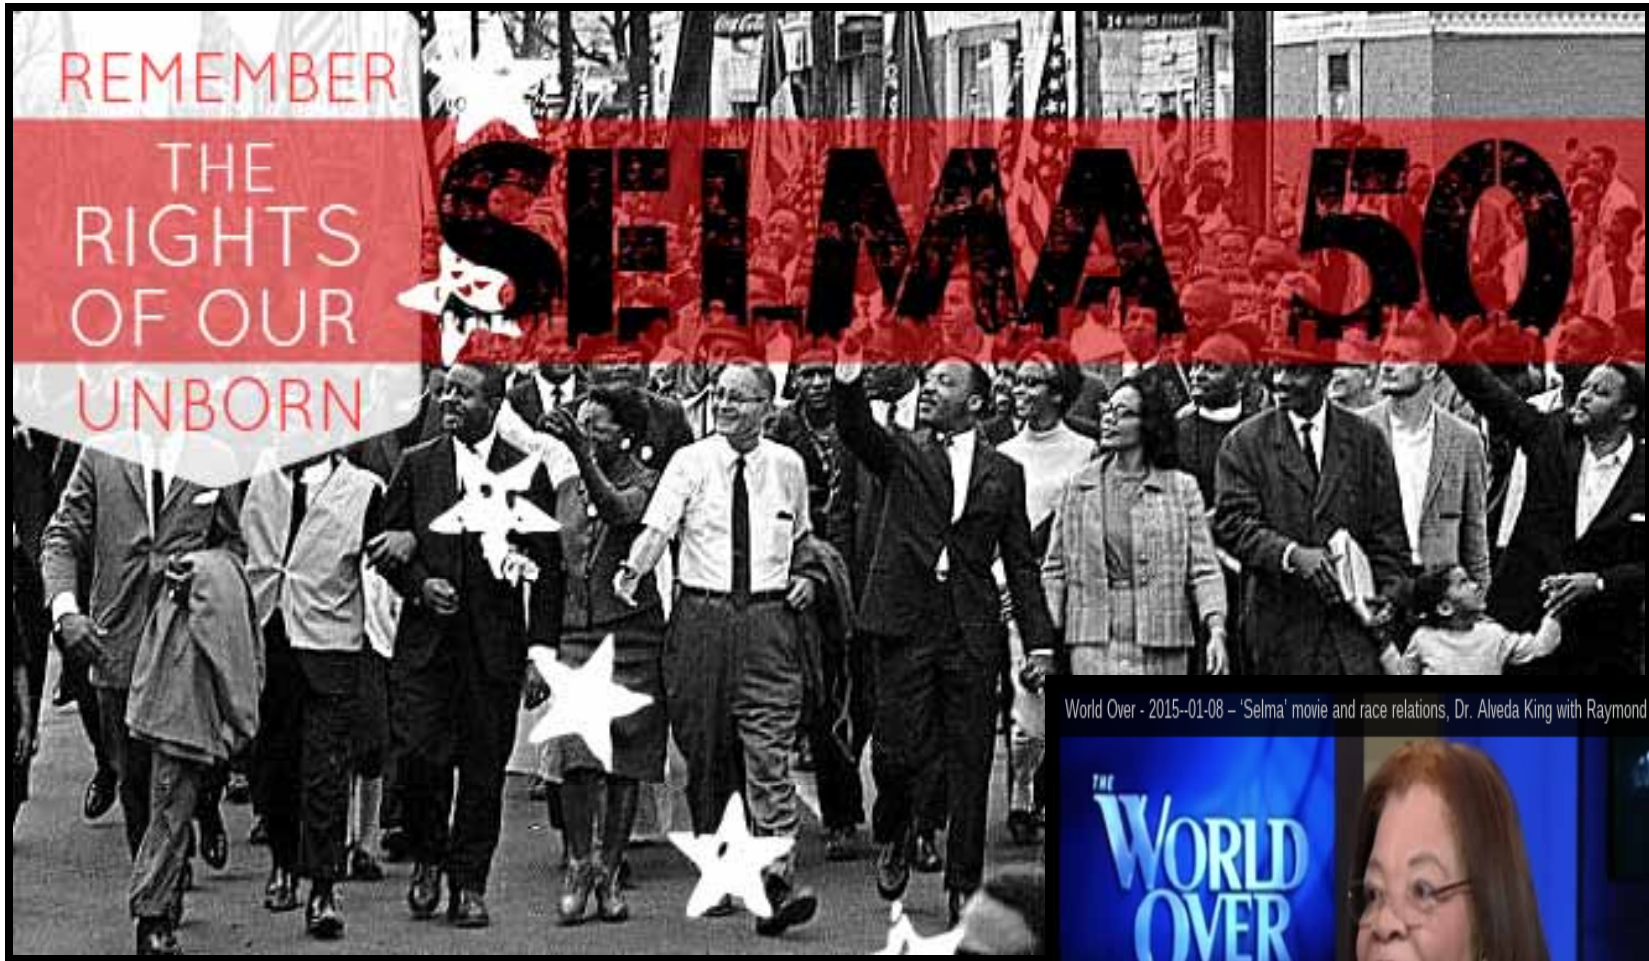

Unbelievable! Humans denied human rights in American Courts that ruled that Dred Scott and womb babies are non-human persons.

Human Rights Violations resulting from believing that there are separate races: Racism, Wars, Slavery, Genocide, Abortion, Death (A baby is like a slave in the womb of his or her mother- abortion hurts women)

Acts 17:26 (One blood, one human race) And hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation..."

SELMA ANNIVERSARY – The historic reenactment of the 1965 SELMA MARCH

THE BELOVED COMMUNITY FOR LIFE

OPEN LETTER: As our nation pauses to recommit itself to fulfilling the dream of Dr. Martin Luther King, Jr., we invite our fellow citizens to reflect on how that dream touches every human life. Dr. King taught that justice and equality need to be as wide-reaching as humanity itself. Nobody can be excluded from the Beloved Community. He taught that “injustice anywhere is a threat to justice everywhere.”

In his 1967 Christmas sermon, he pointed out the foundation of this vision: *“The next thing we must be concerned about if we are to have peace on earth and good will toward men is the nonviolent affirmation of the sacredness of all human life. ...Man is a child of God, made in His image, and therefore must be respected as such....And when we truly believe in the sacredness of human personality, we won’t exploit people, we won’t trample over people with the iron feet of oppression, we won’t kill anybody.”*

Scripture teaches, “Seek first God’s Kingdom and His righteousness and all else shall be yours as well” (Matthew 6:33). Dr. King humbled himself before God and became increasingly dependent on Him. Dr. King’s search for the “Beloved Community” was really part of his search for the Kingdom of God. Because “God is Love” (1 John 4:16), His Kingdom is founded on love (*agape*). That is why, in his search for the Beloved Community, Dr. King discovered God’s love...

...We declare today that these children too are members of the Beloved Community, that our destiny is linked with theirs, and that therefore they deserve justice, equality, and protection...

We invite all people of good will to join us in the affirmation that children in the womb have equal rights and human dignity.

The **National Black Pro-Life Coalition** is a network of Pro-Life and Pro-Family organizations committed to restoring a culture that celebrates **Life** and **Family** cultivating Hope in the Black community. Please read our **Vision**, **Mission**, commitment to **Non-Violence** and **Core Values** statements below to learn more about us. [Click here](#) to check out our [Pro-Life Links](#) page.

VISION

To end abortion by restoring a culture of Life and the foundation of Family in the Black community.

MISSION

We will promote traditional family values, from a Biblical worldview, to produce strong and healthy families where babies are safe and able to reach their full potential in life. Through education and awareness media campaigns, community events, political action, lobbying and coalition building of Pro-Life and Pro-Family advocacy groups, we will restore Life, Family and Hope in the Black community.

STATEMENT OF NON-VIOLENCE

The **National Black Pro-Life Coalition**, in line with Biblical teaching, unambiguously and emphatically rejects violence as a solution to the abortion crisis. Inflicting harm on any individual or property is not an acceptable way of resolving any social problem the American public currently faces. We respect and cherish the lives even of those with whom we strongly disagree.

No person who carries out, intends to carry out, or theoretically justifies any act of violence has any part in our organization or our efforts. Abortion is a violent reprehensible act that is carried out thousands of times a day. In our efforts to abolish this violence, we are committed to the pursuit of non-violence and will always advance a climate where that understanding is embraced.

OUR CORE VALUES

- We believe we are all deliberate creations, of one blood, made in the image of God.
- We believe children are essential and deserve protection, legal personhood, nurture, and love in the womb and throughout childhood.
- We believe the foundation of a stable and healthy society is rooted in the marriage of one man and one woman.
- We believe the community is the visible expression of life.
- We believe the viability of a nation is dependent upon its value of human life in all stages.
