This Year Is The Best Moment the Pro-Life Movement Has Ever Had - Here's Why

March 4, 2026

Dear Father/Deacon,

When I hosted 60 national pro-life leaders at our Florida headquarters a few weeks ago, I spoke about why this is the most favorable moment in the history of the pro-life movement.

We have the most pro-life President in history, whose policies positively impact the movement — not only through action on abortion, but even more so through policies that protect ***the very survival and strength of our movement***, including protecting free speech, religious freedom, election integrity, school choice, and more, and including dismantling the strongholds that the other side has relied on for decades.

Please listen to and share this talk with others to encourage them about what is happening in our country right now. You can listen at **www.PriestsForLife.org/Talk**.

On a related note, please listen to the President's recent State of the Union address, if you haven't already, so you can hear directly from him about the important steps his administration has taken to advance the principles our country, our Church, and the pro-life movement stand for. You can watch at **www.Youtube.com/WhiteHouse**.

Blessings,
