Abortion Recovery Awareness Month: Finding Hope and Healing

April 13, 2026

Dear Father/Deacon,

Women and men are not alone in suffering regret after abortion. Yet many of them feel alone precisely because so many are unaware of the harm abortion brings. That is why various pro-life and healing ministries have designated the month of April as Abortion Recovery Awareness Month.

We want our society to understand the wounds abortion brings and the healing that is available to those who seek it.

The largest ministry in the world offering healing after abortion is Rachel's Vineyard, a ministry of Priests for Life. This ministry offers weekend retreats as well as individual follow-up.

Closely related to it is the Silent No More Awareness Campaign, a joint project of Priests for Life and Anglicans for Life. This ministry enables those who have experienced abortion to share their stories.

I am privileged to serve as Pastoral Director of both of these worldwide ministries.

Healing programs can be found at **AbortionForgiveness.com**. One only needs to enter their ZIP code in the search box to find the program closest to them. This is a website that we at Silent No More have established.

At **AbortionTestimonies.com**, you can read the stories of mothers and fathers who chose abortion and how it impacted them. Simply knowing they are not alone can be the first step toward healing.

Please alert your parishioners to these two important websites, as well as **WhatFollowsAbortion.com**, which provides numerous other resources for both individuals and parishes. You can also find links to our **endAbortion.TV** programs on this topic.

We look forward to working with you throughout the month of April—through our emails, websites, and broadcasts—to reach countless people with an understanding of abortion's wounds and the hope of healing in Jesus Christ.

Blessings,
