Turn Your Parish Bulletin Into a Lifeline for Moms and Babies

August 11, 2026

Dear Father/Deacon,

One of the most important things we can all do is to make sure moms and dads can easily find the help they need to be able to choose life. Priests for Life has a close working relationship with Care Net, Heartbeat International, NIFLA, SperaVita, and countless individual pregnancy centers to help them get the word out about the help and services they offer. These organizations offer real choice.

For decades, Priests for Life has worked hand in hand with these and other national prolife organizations to urge pastors of all denominations to ***place information permanently in their church bulletins, on their websites and in their parish emails*** about alternatives to abortion and healing after abortion.

One comprehensive resource is Heartbeat's OptionLine.org, or its 24-hour emergency helpline 800-712-HELP (4357) where callers are connected to the help available close to where they live. Confidential guidance is offered in English and in Spanish, and many of these centers also have healing programs. Including this in every bulletin, email and website will ensure that everyone who attends church, and everyone they are in touch with, will know where to go to help a mother choose life.

At Priests for Life, we maintain many websites that are full of information on ways to save the lives of the unborn. Parish emails could incorporate these links into weekly emails. For instance, **WhatFollowsAbortion.com** connects visitors to healing resources. At **www.ProLife.Church** you will find phone numbers and websites under "Promote Alternatives to Abortion" that can be very helpful. And at **ProLifeLiturgy.com** you can find our bulletin inserts.

These are national resources, not just diocesan, because the person in your parish who sees the information in the bulletin may need to help someone they know and love ***on the other side of the country***.

This vital information will also show people the true face of the Church and the pro-life movement—not as an effort to point fingers in condemnation, but rather to extend hands of help and hope.

Blessings,
